

FONDS DE GARANTIE
DES DÉPÔTS ET
DE RÉOLUTION

The mission of the FGDR is to protect and compensate customers in the event that their bank or investment services provider fails. Created by the law of 25 June 1999 on savings and financial security, it intervenes at the request of the supervisory authorities of the banking and financial sector either before a banking crisis, through a preventative intervention or "resolution" of banking crises, or by providing compensation when a bank fails.

At 31/12/2019, it covers 1181 member institutions and manages four guarantee mechanisms: the deposit guarantee scheme, the investor compensation scheme, the performance bonds guarantee scheme and the asset management services guarantee scheme. **A banking crisis operator in support of responsible finance, the FGDR plays a key role in ensuring the stability of the French banking system.** www.garantiedesdepots.fr
